## COND TRIAL OF SSE DUKE WILL GIN WEDNESDAY

ed Slayer of G. P. George  
Barracks, Once Convicted,  
Gets New Hearing

ry a year-old, the case of Duke, a colored man who was convicted of the murder of G. P. George, an aged stable watchman and a member of the Schiefel Barracks, reopened in federal court at Honolulu next Wednesday morning. A jury will be drawn to hear the trial.

Duke was arrested at Schiefel Barracks by U. S. Marshal J. J. Smiddy on May 22, this year, a few days after the death of George was near the incinerators. Death resulted from a blow on the head from some heavy instrument in connection with the arrest. Duke, who attended the trial, was a long iron poker, bent end, was taken as evidence. It was found near the body. When the trial of Duke resulted in his conviction, but a short time after Charles F. Clemens, on a mob by the defendant's counsel, secured a new trial. Capt. William U. S. A., stationed formerly at Schiefel Barracks, but now at Fort Texas, who was a witness at the trial, is to be a witness at the new trial. He is said to already be in Honolulu, having been brought by the government. Duke has been in jail since the end of the first trial.

## WHAT CAUSES COLDS?

This question is asked every day. A cold is really a fever, not always caused by the weather but often due to disordered blood or lack of important food-elements. In changing seasons fat-foods are essential because they distribute heat by enriching the blood and so render the system better able to withstand the varying elements. This is the important reason why Scott's Emulsion should always be taken for colds, and it does more—builds strength to prevent sickness.

Scott's Emulsion contains Nature's rare strength-building fats, so skillfully blended that the blood profits from every drop. It is free from harmful drugs or alcohol. Sold at drug stores—always get the genuine.

## JAPANESE DAILY TO BE LAUNCHED IN A FEW DAYS

A new daily paper for the Japanese community is to be issued soon in Honolulu by two veteran newspapermen, R. Murakami and T. Kimura. The name of the paper is the Hawaii Choho (The Morning Report of Hawaii) and it is to be a morning daily, issued from an office on King street, near Palama Settlement.

It is to be strictly independent in attitude, its owners announce, and they say it has no backing of special interests, but will depend for support strictly on advertising and subscriptions. The first issue is to be out this week, of 12 pages. The regular issue will be four or six pages. Murakami was formerly with the Hawaii Shinpo and Kimura with the Hochi.

## AUTOMOBILE DRIVERS MEET WITH MISHAPS; NONE PROVE SERIOUS

## NO PLANS MADE FOR CAMPAIGN ON ISSUE OF BONDS

Horner Says He is Waiting for  
Chairman to Call Meeting  
of His Committee

Declaring that he is not only in favor of the municipal bond issue but willing to work for its passage at the election November 7, Supervisor Horner today took exception to the remark of Ben Hollinger that nothing had been done by the committee, consisting of Hatch chairman, Logan and Horner, because he (Horner) was against the issue.

"Ever since I was appointed on the committee," said Horner, "I have been waiting for the chairman to call us together, but so far as I know nothing has been done."

"Taking the bond issue as a whole," he continued, "I firmly believe that it will be a good thing for Honolulu, although personally I feel that a filtration plant is not necessary. In regard to roads, however, the quicker we get them fixed the better it will be for both the city and county and the territory. I'd Towse says the territory will give us the money, but we do not want to take any chances and have the people demanding roads with no money to supply them."

Horner believes that the majority of Honolulu people want to see the bond issue pass.

Chairman Hatch when asked today what was being done about campaigning for the bond issue, said that the proposition was being worked on, but did not give specific details of the work.

George Collins, city engineer, is working on a report for the road committee which will show concisely what roads have been finished, are now being constructed and plans of those roads which should be improved in the near future with all costs of construction and maintenance.
